

Landscape Architect/Designer and Planner (2-6 Years)

Landmark Design is a small, award-winning landscape architecture and planning firm located in Salt Lake City. Founded in 1987, we are first and foremost a landscape architecture firm with a diverse resume in landscape architecture, urban design, community planning and public involvement. Please visit our website at www.ldi-ut.com to see some of our outstanding projects and to get a feel for our company culture.

We are currently searching for a self-motivated, well-rounded candidate with the right combination of personal, professional, technical and communication skills to join our team. Your dedication is important to us, and will be rewarded with growth opportunities, participation in great projects and attractive benefits. You will collaborate with our experienced staff to create vibrant parks, plazas, and streetscapes, and assist in the planning and design of communities and regions. You will be involved from conceptual design through construction, providing planning ideas and design drawings, preparing construction documents and participating in community workshops and client coordination meetings. The ideal candidate will be committed to the practice of landscape architecture but willing to explore the edges of the profession and able to wear multiple professional hats.

Skills Required:

We seek candidates with strong design and communication skills, an ability to work in collaborative team settings, and familiarity with our Great Basin and Rocky Mountain region. Candidates must demonstrate a solid understanding of landscape architecture - from planning and conceptual design through construction document preparation. Interest and skills in community planning and urban design is a definite benefit, with demonstrable technical skills in the following:

- Research, writing & organization (Adobe Suite, Microsoft Office)
- Experience with presentations and community workshops
- Site planning and conceptual design
- Drafting and construction documentation (AutoCAD, Land FX)
- Hand and digital illustration (Photoshop, Illustrator)
- 3D modeling (Sketchup)

Compensation:

Based on experience and qualifications. Landmark Design offers competitive salaries and benefits, including paid health insurance, sick leave, vacations, and holidays; contributions to retirement programs; contribution toward professional licensing and certifications; and flexible work schedules. We are currently working remotely due to the pandemic but anticipate returning to our studio in a hybrid/part-time format in the near future.

Education/Experience Requirements:

Ideal candidates will have two to six years of professional experience, although we are willing to consider other levels of experience. You will preferably have a degree in Landscape Architecture (BLA or MLA) from an accredited institution and be licensed or working toward professional licensure and other certifications.

If interested, please email your resume, a maximum of five (5) work samples and a one-paragraph summary telling us your story and why you are interested in joining us to Sam Taylor, Principal Landscape Architect at samt@ldi-ut.com. In the subject line please indicate: "Landscape Architect/Designer and Planner Position".

Application Deadline: Until filled.
